"Paul Venier is one of the best entertainers alive!"

LA Comedy Awards

"Wow!! To say Paul Venier has an abundance of energy and talent would be a tremendous understatement. He does not let an ounce of talent go to waste."

Ron Messina, HIP Magazine

"Paul Venier, the aptly named 'Comedy Tornado', defies all forms of shorthand. In fact, his delivery, both on and offstage, is so rapid that Robin Williams in his coke-fueled heydays would be hard pressed to keep up. Most impressive, perhaps, is the fact that he keeps up this frenetic pace throughout Sprignsteen-like marathons. It is difficult to imagine anyone feeling stiffed after experiencing 'The Comedy Tornado'!"

Michael Lee, Good Times Magazine

"The show maintained a rapid-fire pace for a solid 2 Hours. There was rarely a moment when the audience wasn't laughing!"

Alan M. Huscher, The Collegian
La Salle University, Philadelphia, PA
